

Capabilities Plans

INTRODUCTION

This Capabilities Plans Annex forms part of the Master Software License Agreement to which it is attached (the “Agreement”) and sets forth certain supplemental terms and conditions applicable to Company’s composable pricing model with respect to the Licensed Software (“Capabilities Plans”). Unless otherwise defined herein, any capitalized terms defined in the Agreement and used herein will have the same meaning specified in the Agreement.

PLATFORM PLANS DESCRIPTION

During the License Period”, Customer must purchase with respect to the Licensed Software either “Growth”, “Enterprise” or “Unlimited” capabilities level plan via an Order Form for an additional fee.

Company may make available from time to time a “Free” plan free of charge with limited capabilities and such “Free” plan of the Licensed Software shall be governed exclusively by the Company Free Trial Terms as made available by Company from time to time accessible via www.creatio.com or login to the applicable Software Products. For the avoidance of doubt, such “Free” plan is outside of the scope of, and not governed by, this Agreement.

For each “Growth”, “Enterprise” and “Unlimited” capabilities level plan, Company’s vertical products such as “Finserv sales and service”, “Finserv lending”, etc. are available for purchase via an Order Form for an additional fee.

Customer support “Basic Support” package is included with each “Growth”, “Enterprise” and “Unlimited” capabilities level plan. Customer support “Business Support” or “Premium Support” package may be purchased separately for a fee.

Purchase of a “Growth”, “Enterprise” or “Unlimited” capabilities level plan is mandatory for Customer to be able to add other paid products that Company makes commercially available to all of its customers.

If Customer has purchased a “Growth” capabilities level plan, the following restrictions apply:

- The number of times a workflow or dynamic case can be run on the Licensed Software will be limited to 50,000 process elements executed by Customer per calendar month.
- Customer’s access to the Licensed Software’ data and functionality through a standard for accessing data over the web Open Data Protocol (“OData REST API Access”) will be limited to an aggregate number of API calls per day calculated as follows: 10,000 API calls per day multiplied by the number of Authorized Users (excluding for such calculation any “Restricted Data Input User”, “External User” or “Mobile-Only User”). However, 10,000 API calls per day does not serve as a per Authorized User sub-limitation, and one or more Authorized Users may exceed this number per day, provided the Customer’s aggregate number of daily API calls is not exceeded.
- Number of connections to external services via REST or SOAP Web-services and systems through webhooks allowing Customer to send or receive data from the Licensed Software to or from, as applicable, other applications when certain events occur (“Connections via Webhooks”) will be limited to an aggregate number of API calls per day calculated as follows: 10,000 API calls per day multiplied by the number of Authorized Users (excluding for such calculation any “Restricted Data Input User”, “External User” or “Mobile-Only User”). However, 10,000 API calls per day does not serve as a per Authorized User sub-limitation, and one or more Authorized Users may exceed this number per day, provided the Customer’s aggregate number of daily API calls is not exceeded.
- Number of organizational roles and user groups that represent Customer units, departments or subdivisions in its organizational structure in the Licensed Software (“Organizational role support”) are limited to fifty (50) roles.

- Capabilities as Single sign-on (SSO), LDAP synchronization, audit log will not be available.
- Additional Authorized User types of under certain subscription plans such as “Restricted Data Input User”, “External User” or “Mobile-Only User” are not included or available for purchase.
- Online training and certification can be purchased separately for a fee, and access to such training and certification cannot be transferred outside of Customer’s organization.

If Customer has purchased “Enterprise” capabilities level plan, the following restrictions will apply:

- Online training and certification can be purchased separately for a fee, and access to such training and certification cannot be transferred outside of Customer’s organization.

ADDITIONAL TYPES OF AUTHORIZED USERS

If Customer has purchased an “Enterprise” or “Unlimited” plan, Customer may also purchase via an Order Form for an additional fee the following additional Authorized User type subscription plans.

“Restricted Data Input User” means an Authorized User who has the ability only to submit forms and data in one or multiple sections of the Licensed Software. Restricted Data Input User can only input or update the information such Authorized User has added to the Licensed Software and cannot access records created by any other Authorized User. A license to such type of Authorized User prohibits access to Licensed Software capabilities such as CTI, email sync, and no-code tools. For each Unit of Licensed Software to Company’s Service Creatio product or Case management application Company will make available to Customer 100 (one hundred) Restricted Data Input Users free of charge. Such free of charge Restricted Data Input Users will not be taken into consideration for the purpose of price calculation of additional Restricted Data Input Users which Customer purchases for a fee.

“External User” means an Authorized User who is from an outside organization (meaning not an individual employee of Customer or of any Affiliate of Customer; by way of example any customer or partner or Consultant of Customer may qualify as External User) that is required to work with certain records and sections of the Licensed Software solely for the internal use and benefit of Customer in accordance with the Agreement. External User is designed for an Authorized User whose domain doesn't match the Company’s domain. The External User cannot be included in the Customer’s organizational structure. A license to such type of Authorized User restricts access to Licensed Software capabilities such as CTI, emails, chats, and no-code tools. External User fees cover access to respective Licensed Software only. Additional functionality (e.g. PRM) must be purchased separately in addition to External Users fees.

“Mobile-Only User” means an Authorized User who needs access only to Licensed Software via mobile application. A license to such type of Authorized User allows access to Licensed Software only through a mobile application and prohibits access to Licensed Software via the web application (desktop version) or API as well as to capabilities such as CTI, emails, chats, and no-code tools. Mobile-Only User fee covers access to respective Licensed Software only. Additional functionality and apps (such as field sales or field service) must be purchased separately in addition to Mobile-Only User fees.

MARKETING CONTACTS CAPABILITIES PARTICULARS

If Customer has purchased Marketing Contacts, then “Marketing Contact” means any contact record that has been included in one (1) or more qualified marketing activities within a calendar year. Each such Marketing Contact includes any record in “Contact” section of Customer’s Licensed Software database that is added to the audience of Customer marketing campaigns (including but not limited to email and messaging blasts). Each such Marketing Contact purchased includes initial email traffic (5x # of marketing contacts monthly within a calendar year). Additional mailouts to Marketing Contacts can be purchased separately.
